

## **Games Night! [December 2024 Jane Street Puzzle] – Solution by Nicholas Patel**

First find the letters created by the pieces from each game, ordered as the games are ordered from left to right and back to front (Uno, Catan, Risk, Monopoly, Dominion, Scrabble, Sushi Go, Chess, Clue, Stratego, Bananagrams).

This spells out 'MISSING ONES', hinting to find the missing piece in each game:

Uno: Yellow (Y)

Catan: Ore (O)

Risk: the Asia territory card Ural (U)

Monopoly: None (space)

Dominion: Silver (S)

Scrabble: U

Sushi Go: Nigiri cards (N)

Chess: King (K)

Clue: None (space)

Stratego: 8-tiles, Miners (M)

Bananagrams: Y

Which spells 'YOU SUNK MY', so clearly the answer is 'BATTLESHIP'!
